

## A Perspective of Taiwan Studies in Mainland China

### 中國大陸的臺灣研究概況

Ts'ui-jung Liu 劉翠溶

Academician, Academia Sinica, Taiwan  
中央研究院院士

In this talk I will try to discuss current situation of Taiwan studies in Mainland China from three aspects.

Firstly, I will present an overview of the field by using catalogues published in recent years.

Secondly, I will discuss some articles which reviewed certain subjects covering a long period.

Thirdly, I will take the agriculture of Taiwan as an example to discuss issues most concerned by the Mainland scholars.
