# 研究台灣 全球700名學者齊聚

【記者林進修/台北報導】

想了解台灣,就從研究台灣開始。第一屆台灣研究 世界大會今天起在中央研究院舉行3天,超過700名來 自全球的學者專家齊聚一堂,這3天只有一個共同話 題:台灣。中研院長翁啟惠表示,華人占全球人口四 分之一,目前只有台灣仍保有中華文化傳統,台灣經 驗未來也許可當成中國大陸、香港的發展模式。

翁啟惠表示,過去有關台灣的研究太少、也太分 散,無法發揮該有的影響力。台灣受到日本統治50 年、中華民國在台灣建立政權、美國文化衝擊等影 響,形塑成一個獨特的文化,如果能將這些珍貴經驗 整理出來分享給全世界,將是一件好事。

大會秘書長、中研院社會學研究所所長蕭新煌表示,不僅美國、加拿大、日本、韓國及馬來西亞定期 舉辦研究該國的研討會,就連婆羅州也積極推動屬於 自己的研究,我們再不奮起直追,就會來不及。

中研院副院長王汎森指出,近20年來,國內的台灣研究方興未艾,舉辦第1屆台灣研究世界大會,除了分享台灣研究成果並交換意見,「我們也很好奇,別人到底是怎麼看待我們的。」

這次大會,共有26個專題場次、102篇論文,來自加拿大、法國、瑞典、澳洲、紐西蘭、日本、新加坡等地的40幾個外國學者中,也不乏台灣媳婦或台灣女婿,他們中文流利,會場充滿濃濃台灣味。

## Academia Sinica opens Taiwan forum

STAFF WRITER, WITH CNA

Academia Sinica, the nation's top research institute, yesterday launched its first world congress on Taiwan studies with the primary goal of establishing links among people engaged in Taiwan studies globally.

More than 700 people are attending the three-day congress, discussing topics such as Taiwanese art, literature, religion, sociology, economy, political science, and environmental changes.

The institute said it hoped the congress, the biggest of its kind ever held in the world, would serve as a framework for sharing academic achievements in the field of

Taiwan studies.

It is also aimed at developing interdisciplinary collaboration, facilitating global networks and giving greater exposure to Taiwan studies, the institute said.

### NEW BEGINNING

"This world congress can really serve as a new beginning for Taiwan studies academically, intellectually and institutionally and for future careers in Taiwan studies in many years to come," Congress secretary-general Michael Hsiao (蘇新煌) said at the opening ceremony.

Hsiao, director of the sociology institute at Academia Sinica, said

there had been burgeoning interest in Taiwan studies at home and abroad over the past two decades, and many centers for Taiwan studies have been established around the world.

Academics and experts from Japan, Europe, the US, Canada, Australia, Singapore, China and other countries are scheduled to present papers at the congress.

Masahiro Wakabayashi, a political science and economics professor from Japan's Waseda University, will present a speech on Sunday on the writings of Yeh Jung-chung (葉 築鐘), a Taiwanese activist in the anti-Japanese movement in Taiwan before World War II.

### World congress on Taiwan studies kicks off in Taipei

Central News Agency 2012-04-26 03:18 PM

Taipei, April 26 (CNA) Academia Sinica, Taiwan's top research institute, on Thursday launched its first world congress on Taiwan studies with the primary goal of establishing links among people engaged in Taiwan studies globally. Over 700 people are attending the three-day congress, discussing topics such as Taiwanese art, literature, religion, sociology, economy, political science, environmental changes and indigenous studies. The institute said it hopes the congress, the biggest of its kind ever held in the world, will serve as a framework for sharing academic achievements in the field of Taiwan studies, It is also aimed at developing interdisciplinary collaboration, facilitating global networks and giving greater visibility to Taiwan studies, the institute said. "This world congress can really serve as a new beginning for Taiwan studies academically, intellectually and institutionally and for future careers in Taiwan studies in many years to come," said Hsiao Hsin-huang, secretary-general of the congress, at the opening ceremony. Hsiao, director of the sociology institute at the Academia Sinica, said there has been a growing interest in Taiwan studies at home and abroad over the past two decades, seeing that many centers for Taiwan studies have been established around the world. Scholars and experts from Japan, Europe, the United States, Canada, Australia, Singapore, China and other countries will present papers at the congress, which will run until April 28. At Thursday's conference, Liu Ts'ui-iung, chairwoman of the congress and an academician at the institute, gave a keynote speech on the status of Taiwan studies in China. Masahiro Wakabayashi, a political science and economics professor from Japan's Waseda University, will present a speech April 27 on the writings of Yeh Jung-chun, a Taiwanese activist in the anti-<u>Japan</u>ese movement in Taiwan before World War JI, Other topics to be presented include studies on Formosan Austronesian languages, Taiwan studies in Europe and Taiwan's political institution, changing natural environment, law and society, prehistoric cultures. economic development, youth growth, ethnicity and nationalism, and film and culture. # World congress on Taiwan studies kicks off in Taipei

TAIPEI, CNA

Academia Sinica, Taiwan's top research institute, yesterday launched its first world congress on Taiwan studies with the primary goal of establishing links among people engaged in Taiwan studies globally.

Over 700 people are attending the three-day congress, discussing topics such as Taiwanese art, literature, religion, sociology, economy, political science, environmental changes and indig-

enous studies.

The institute said it hopes the congress, the biggest of its kind ever held in the world, will serve as a framework for sharing academic achievements in the field of Taiwan studies.

It is also aimed at developing interdisciplinary collaboration, facilitating global networks and giving greater visibility to Taiwan studies, the institute said.

"This world congress can really serve as a new beginning for Taiwan studies academically, intellectually and institutionally and for future careers in Taiwan studies in many years to come," said Hsiao Hsin-huang, secretary-general of the congress, at the opening ceremony.

### 研究活動紹介

### 「第一回台湾研究世界大会(WCTS)参加記

平成24年4月26日(木)から28日(土)の3日間にかけて、「第一回台湾研究世界大会(The 1st World Congress of Taiwan Studies)が台湾総統府直属の学術研究機関・中央研究院の主催により台北東部の南港に位置する同機関を会場に開催された。本国際会議は世界的な台湾研究の研究成果の発表・公開ならびに台湾研究者の国際的ネットワークと制度化の進展に寄与するものとして計画された。

筆者は日本台湾学会の企画による分科会セッション「冷戦期の東アジアにおける台湾の存在(Taiwans Presence in East Asia during the Cold War )において、冷戦期台湾の対外関係・内政について、石川誠人氏(立教大学)井上正也氏(香川大学)何義麟氏(国立台北教育大学)と共に、1950年代初期台湾の中国化と脱植民地化に関する報告を行った。司会は松田康博氏(東京大学)コメンテーターは川島真氏(東京大学)休果顕氏(国立政治大学)であった。

大会初日に撮影された参加者(一部)の集合写真(大会事務局提供)

3日間におよんだ大会では 午前・午後を通じて26の分科 会が設けられ、文学、芸術、歴史、 宗教、経済、社会、政治、法律、 環境、言語、先住民族等のテーマを網羅した102篇の論文が 発表された。報告者・コメンテーターとして183人の研究者 が参加したほか、聴衆を含め

大会会場入り口にて筆者

ると550人の参加者があった。日本台湾学会による分科会は会場で最も収容人数の多い国際会議場で行われ、100人以上の聴衆を集めた。

ところで、38年間続いた戒厳令が1987年に解除されるまで、台湾独立運動に対する懸念から、台湾内で台湾研究を行うことはタブーであった。こうした過去を鑑みると、戒厳令解除後四半世紀という節目の年に(しかも、かつてと同じく国民党施政下で)開催された世界規模の台湾研究大会は、台湾社会の民主化をアピールするうえでも非常に意義深いものであったといえよう。初回となる本大会は成功裏に幕を閉じたが、国家の枠組みを超え、「地域研究」というディシプリンの下でその個性を発信し続ける台湾研究の魅力と意義が、今後も同大会を通じて一層グローバルな規模で認知されていくことを願ってやまない。
